A bridge to the future - educational ecosystems for regional innovation and youth #TransitionToWork

13 October 2021 at 11:30

Online registration [here](#)

The session will focus on regional ecosystems for education and active labour market policies, targeting in particular young people. How can we provide the skills for a labour market in continuous evolution, boost local innovation and a post-pandemic recovery?

After an introduction of the ecosystem concept, two sub-panels will focus on educational cooperation for youth transitions, as well as ESF-funded active labour market projects. A debate around policy recommendations for European to local decision-makers and practitioners will conclude the event.

Moderation: Alessandro Sciallo (IRES Piemonte) & Jan Wilker (StartNet Europe)

Timetable:

11:30 - 11:35 - Introduction & institutional greetings

Elke Kaschl-Mohni - Regional Director Southwest Europe | Delegate for European Affairs at Goethe-Institut
